PI Turns in Record September Quarter

Written by Mike Buetow Friday, 16 November 2012 09:59 -

NELSON, BC -- Pacific Insight Electronics swung to a September quarter profit on a big jump in sales.

The EMS company said fiscal first-quarter sales were \$11.48 million, up 37% from 2011, and a company record. Net income was \$56,000, up from a net loss of \$431,000 last year.

PI focuses on electronics design and manufacturing for the heavy truck, automotive and specialty markets.
