SPOKANE, WA – EMS provider **Servatron Inc.** announced record revenue for the year ended Dec. 31 on new customer wins and higher orders from existing customers. Gross revenue exceeded \$32 million in sales for 2007, up 39% over 2006.

During the year, the company combined operations previously in two separate facilities, and added 10,000 sq. ft. of floor space, bringing the total production area to 61,000 sq. ft.

During the expansion, Servatron installed a new surface mount line and added AOI capabilities.

Tod Byers, company president commented, "In 2007 we achieved our goals through adding several new key customers, while many existing customers increased orders for the year."
